20 **Petition To Use Color in Drawings ~ 37 CFR §1.84**

Applicant hereby petitions to use color in two drawings on one sheet (figures 4a and 4b) in the above patent application. Each drawing depicts a diffuse matrix, similar in appearance to an electron cloud surrounding a nucleus, to show the resulting interrelationships in a series of linked web pages according to different  
25 methods. Color is needed to both show the difference in the overall pattern of relationships formed while retaining the complexity of the overall structure of each matrix.

Substitute drawings of three color copies, and one black and white copy, are attached. A check in the amount of the fee is enclosed, a copy of this petition is  
30 enclosed. I am an attorney of record.

Respectfully submitted,

  
Philip H. Haymond  
Registration No. 38,177
